 Frendz Resort & Hostel Boracay
Barangay Balabag, 0384
Boracay, Malay, Aklan

If you arrive via Kalibo airport, just take a van which will bring you to the ferry pier (called 'jetty port') in Caticlan. These vans go every few minutes from Kalibo and the cost is around 200pesos per person. The ride takes around 2 hours.

If you arrive via Caticlan airport, you can take a tricycle from the airport to the ferry pier (3 minutes ride) - 75pesos per tricycle (including already a 25pesos boat ticket, keep this for later). After you arrive at the ferry pier in Caticlan you have to take the ferry to Boracay. Note that the ticketing is a bit confusing, since you have to get 3 different tickets: boat ticket you have already from before. 2 additional tickets you need to buy: environmental fee (75pesos) and terminal fee (100pesos). So in total you have to pay 250 pesos to reach boracay.

After you arrive here on Boracay just take a tricycle and ask the driver to bring you to 'Frendz' (cost 150pesos per tricycle). Note it's cheaper if you are willing to share the tricycle with others, however they try to get 7 people on the tricycle which might not possible with your luggage, so it maybe better just to take the tricycle for you. Most of the time the driver will know where to go. However, if the driver doesn't know give him the following instructions: it's 200 meters after the D'Mall on the left side. You can also show him the attached map.
